NON-MEMBERS: \$70

Join Upstate New York NAIOP for a panel discussion surrounding changes to New York State Freshwater Wetlands Law, procedures utilized by the NYSDEC to determine whether wetlands fall under their jurisdiction, the criteria that NYSDEC considers during their review, and the changes that have occurred with NYSDEC mapping tools. This overview is important for those involved with real estate development to understand how the new Article 24 regulations can impact projects and permitting at the local level.
